

An Educator Series

Teaching Jewish History and Identity Through Inquiry

Teaching Jewish History and Identity Through Inquiry is a three-part PD series, led by the **Institute for Curriculum Services**, designed to equip educators of all grade levels with the knowledge, tools, and confidence to bring Jewish history and identity to life in the classroom.

These **TEKS-supporting sessions** will provide foundational understanding and engagement with primary sources and offer practical takeaways for immediate implementation.

Join us for one session or both — whichever you choose, you'll leave ready to teach these topics with depth and confidence and CPE credit!
