TWO YEARS AGO, I COULD NOT HAVE IMAGINED *that I would be where I am today, let alone have the opportunity to speak at our commencement ceremony and represent my entire bachelor's cohort. It has truly been an incredible experience, and I am so thankful for all that I have learned and the growth I have experienced throughout this program. I hope to return in a year or two to complete the master's program, continuing to challenge myself, grow professionally, and further my knowledge and skills as an early childhood educator."*
